

*Agropur Ingredients helps companies  
create food, designed for life.*

Agropur Ingredients represents the ingredients business of Agropur Dairy Cooperative, an important player in the global dairy sector. Comprised of several manufacturing and blending plants in the US and Canada, Agropur Ingredients offers the worldwide food industry a variety of products and services including: functional ingredients, ingredient distribution, contract manufacturing. Ensuring products are built upon a solid foundation using customized and established ingredient solutions, Agropur Ingredients' team works collectively with customers and co-manufacturers to meet cost, functionality and nutritional initiatives to service the frozen dessert, cheese, bakery and beverage industries.
