

ANKOM
TECHNOLOGY

HELPING TO FEED THE WORLD.

AUTOMATING WET CHEMISTRY FOR ACCURACY AND PRECISION.

INNOVATION, QUALITY, SERVICE AND RESULTS

ANKOM^{TDF} DIETARY FIBER ANALYZER

- Automates AOAC 991.43, 985.29, 2009.01 and 2011.25
- Reduces labor by 75%
- Increases accuracy and precision
- Easy to use and operate
- No clogged filters

ANKOM^{XT15} EXTRACTOR

- Automates Soxhlet extractions
- Reduces labor by >50%
- Increases accuracy and precision
- Increase throughput
- Reduces solvent usage by ~97%

*Customers in over
100 countries know that
ANKOM Technology
delivers on its promises.
High quality and robust
systems that maintain
primary chemical
analytical methods in
turn-key instruments
for increased accuracy
and precision.*

ANKOM^{RF} GAS PRODUCTION SYSTEM

- Modular system for measuring gas production (anaerobic and aerobic)
- Up to 50 modules on one expandable system
- Yeast Activity/Vitality
- Dough rising power
- Fermentation performance
