

GO NATURAL

Natural Almond Flour is a versatile, nutritional, flavorful ingredient . . .

Many of the antioxidants and nutrients of the almond kernel are found in its skin. Go natural and add all the nutritious benefits almonds have to offer. Natural Almond Flour is gluten-free, adds texture, color, almond flavor, and is easy to incorporate into recipes and formulations. Use as an ingredient for confectionery, a flavor enhancer in bakery, a sauce thickener, or as a coating for fried foods. Consider Natural Almond Flour in your next new product formulation.

For service you can rely on and quality you can trust, call Hughson Nut, Incorporated.
