

# THE DENNIS GROUP, LLC

**PRODUCTION, FACILITY, AND CONSTRUCTION SPECIALISTS**  
*for the Food and Beverage Industries*

**We were fascinated by food even before we became engineers.**

*At the Dennis Group, we do more than design and build food processing facilities. We design food processing solutions. **WE ARE DEDICATED PROFESSIONALS.** Our engineers, designers and architects are devoted to quality in all aspects of the design and construction process just as our clients are committed to the quality of their products. **WE UNDERSTAND THE FOOD BUSINESS.** We are adept in the integration of the process with equipment, utility systems, instrumentation and controls, material handling and sanitation. **WE ARE INNOVATIVE.** The Dennis Group provides unique and cost effective services to clients worldwide. **WE PROVIDE SINGLE SOURCE RESPONSIBILITY.** All requisite resources are in-house allowing us to offer full project delivery of both production systems and sanitary facilities, from concept through start up. **WE ARE RESULT ORIENTED.** We respond to our clients' needs and understand the importance of meeting schedules and budget milestones while keeping projects on a fast track. **WE STRIVE FOR CUSTOMER SATISFACTION.** Most of our work is repeat business, which is perhaps the best indicator of client satisfaction. **WE ARE ENVIRONMENTALLY CONCERNED.** The company is environmentally knowledgeable — not only in regulation compliance, but in recycling and waste minimization as well. **WE ARE THE DENNIS GROUP.***
