

PURE

processing

PROSPEROUS INNOVATIONS.

PROCESS EXPO is the largest show in the U.S. that focuses on food processing. Professionals from a cross section of vertical markets, including bakery, cereal, grain, dairy, meat, poultry, seafood, fruit and vegetables, explore new technology in equipment and food processing and packaging products.

PROGRESSIVE IDEAS.

Network with 15,000 colleagues to discover new ways to maximize profits and expand your lines. You'll also learn the latest trends and regulations in food safety and hygienic design during our expert-led sessions in our food safety education track.

PROVEN RESULTS.

Held in the convenient location of Chicago, and during the fall when budgets are being prepared for capital expenses, PROCESS EXPO is a proven show where you can touch equipment and see demonstrations right on the show floor from hundreds of knowledgeable suppliers.
