

# GADOT BIOCHEMICAL INDUSTRIES LTD.

ENRICHING  
NATURE FOR YOU

## GADOT BIOCHEMICAL PRODUCTS

### CITRATE BASED MINERALS

**Tri Calcium Citrate Tetrahydrate E-341** available in standard, micronized and DC grades  
Highly bioavailable calcium source, contains 21% calcium

**Tri Calcium Citrate Anhydrous E-341** Highly bioavailable calcium source, contains 24% calcium

**Tri Potassium Citrate E-332**

**Tri Magnesium Citrate Nonahydrate**  
Highly bioavailable Magnesium source, contains 12% Magnesium

**Tri Magnesium Citrate Anhydrous**  
Highly soluble and bioavailable Magnesium source, contains 16% Magnesium

**Gadomag + -**  
Soluble Magnesium source, contains 12% Magnesium

**Tri Zinc Citrate**

### PHOSPHATE BASED MINERALS

**Tri Calcium Phosphate E-341**  
Available in standard and micronized grades

### CUSTOM SOLUTIONS

**Encapsulated Citric Acid**

**Gadocal K (Patented)**  
Calcium fortification of protein containing drinks without sedimentation or coagulation

**Gadomag K (Patented)**  
Magnesium fortification of protein containing drinks without sedimentation or coagulation

### MINERALS FOR TABLETING (DC GRADES)

**Tri Calcium Citrate TG**

**Tri Magnesium Citrate 16%** with added binder

### SWEETENERS

**Non-GMO Crystalline Fructose**

**Fructose DC**

### CITRIC, CITRATES

**Citric Acid Anhydrous E-330**

**Citric Acid Powder E-330**

**Tri Sodium Citrate Dihydrate E-331**

**Tri Sodium Citrate Anhydrous E-331**
