

Sodium Reduction & Flavor Enhancement

Kikkoman offers a range of reduced-sodium, clean-label solutions to help you create boldly flavored, on-trend products—Asian and beyond!

Kikkoman Gluten-Free Products

Kikkoman's full line of gluten-free soy sauces deliver savory flavor, umami benefits and processing functionality for all your formulation needs, without the gluten.

Kikkoman Non-GMO Project Verified Products

Kikkoman's full line of Non-GMO Project Verified soy sauces are here to help manufacturers clean up labels while delivering the same high quality flavor and consistent supply expected from the world's leading supplier of Asian sauces.

Custom Solutions

Think of Kikkoman as your source for Asian flavor expertise. We created our products in anticipation of your needs, from flavor volatility and ingredient interactions to storage stability. As our partner, you'll share access to cross-functional R&D and production teams with on-site, timely formulation and operational solutions. And because our pack sizes range from 55-gallon drums to railway cars and tankers, there's not an equipment infrastructure we can't suit. Don't see the ingredient form or flavor you're looking for? Just ask. Our global resources and customization capacity make creating the taste of Asia easy.
