

# Precision PMD

**Designers and Manufacturers of  
Quality-Affordable Packaging Machinery**

## **PISTON FILLER**

Precision PMD Piston Fillers are capable of dispensing products ranging from water to mashed potatoes. The filler is designed for simple and quick disassembly without the need of any tools. Use this filler over your existing system or one of Precision PMD packaging systems.

Features Include  
Traveling carriage option for continuous motion applications  
Casters for mobility  
Stainless steel construction  
PLC controlled  
Nema 4X Enclosure

## **VOLUMETRIC FILLER**

Precision PMD Volumetric Fillers are ideal for dry and frozen free flowing product that is uniform. Constructed of stainless steel and food grade plastic.

Features include  
Telescoping Pockets  
Easy Fill Adjustments  
Easy Changeover and Dis-assembly  
Servo or Lineshaft Driven

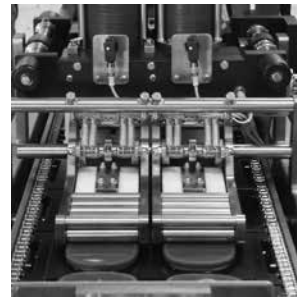

## **DENESTER**

Precision PMD RC and PT Denesters are designed and built for a variety of applications. From single serve cups to foodservice pans, continuous motion or intermittent motion, Precision PMD Denester are designed and built to work for your application. Our unique setup allows you to easily change container sizes *without measuring and without any acme thread adjustments.*

Features include  
AB Servo & Controls  
Simplified container changeover

## **LID APPLICATOR**

Precision PMD Lid Applicators are designed for the most challenging lid/container.

The accuracy of the movement and control of the placement of the lid allows our lid applicators to actually press a lid to the inner flange of the container.

Our lid placers can also be used for more conventional over lids. Multiple head configurations are available to reach virtually any speed. Our lid applicators are designed for use in any environment including washdown.

Optional items include servo control, automatic loaders for multiple stacks of lids, no container no lid, stand alone frame for mobility.

**Precision PMD Volumetric Fillers and Denester can be used over your existing packaging machine.**

### **Cup & Tray Application Expertise:**

- Cereal, Oatmeal, Nuts, Candy, Mac & Cheese
- Macaroni Salad, Cole Slaw
- Soup, Salsa, Humus, Pudding, Fruit Cocktail, Applesauce
