

Fibersol®

fiber fit for all

The Fibersol® line of soluble dietary fiber ingredients is well tolerated, allowing manufacturers to increase fiber content and deliver additional benefits with ease.

FIBERSOL'S PERFORMANCE IS PROVEN

- adds no flavor, taste, or color
- well tolerated
- replaces functional qualities of sugar with less calories and sugar
- forms a clear solution with minimal viscosity
- is highly concentrated and water-soluble for ease of formulation
- heat-, acid-, shear- and freeze/thaw-stable
- more than 25 years of clinical research and scientific data

Fibersol soluble corn fiber can also help meet formulation challenges like **sugar and calorie reduction, clean label goals, and the promotion of digestive tract health**, with non-GMO options available.
