

BUNTING *Magnetics Co.*

Introducing The NUHI Cartridge Magnet.
Over 105oz of Pull Strength*

The Strongest In The Industry.

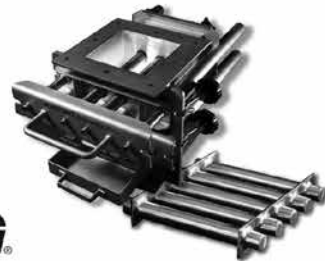

Compare Our Cartridge with Any In The Industry.

For nearly 60 years, Bunting has worked diligently to innovate magnetic components, systems, and the industries we serve. We constantly strive to improve your processes, purify your product, protect your brand and save you labor. Our newest solution is the NUHI™ Neo Ultra High Intensity Cartridge Magnet. No matter what powder or bulk solid you process, you can have the added confidence your product will be free of tramp metal and the finest of fines.

So, what makes the NUHI different?

- **Nearly 20% stronger than our previous cartridge**
- **24% more reach-out***
- **Higher holding values**

From individual components or complete, custom systems, Bunting protects your customers and your brand.

No Metal. No Doubt.

 **BUNTING**
Magnetics Co.

* Using a 1/4" Diameter Ball
