

GADOT BIOCHEMICAL INDUSTRIES LTD.

ENRICHING NATURE FOR YOU

GADOT BIOCHEMICAL **NON-GMO** PRODUCTS

CITRATE BASED MINERALS

Tri Calcium Citrate Tetrahydrate E-341 available in standard, micronized and DC grades
Highly bioavailable calcium source, contains 21% calcium

Tri Calcium Citrate Anhydrous E-341 Highly bioavailable calcium source, contains 24% calcium

Tri Potassium Citrate E-332

Tri Magnesium Citrate Nonahydrate
Highly bioavailable Magnesium source, contains 12% Magnesium

Tri Magnesium Citrate Anhydrous
Highly soluble and bioavailable Magnesium source, contains 16% Magnesium

Gadomag + -
Soluble Magnesium source, contains 12% Magnesium

PHOSPHATE BASED MINERALS

Tri Calcium Phosphate E-341
Available in standard and micronized grades

CUSTOM SOLUTIONS

Encapsulated Citric Acid

Gadocal K (Patented)
Calcium fortification of protein containing drinks without sedimentation or coagulation

Gadomag K (Patented)
Magnesium fortification of protein containing drinks without sedimentation or coagulation

MINERALS FOR TABLETING (DC GRADES)

Tri Calcium Citrate TG

Tri Magnesium Citrate 16% with added binder

SWEETENERS

Crystalline Fructose

Fructose DC

CITRIC, CITRATES

Citric Acid Anhydrous E-330

Citric Acid Powder E-330

Tri Sodium Citrate Dihydrate E-331

Tri Sodium Citrate Anhydrous E-331
