Optimum performance is within reach.

Industries Served:

- Baking
- Beverage
- Cocoa and Chocolate Processing
- Feed
- Fruits and Vegetables
- Meat and Poultry

For maximum food safety, TOTAL NEVASTANE food grade lubricants coupled with our expert technical advice will help you meet the performance demands of your processing equipment.

Our full range of NSF H1 registered lubricants are designed for incidental food contact. The NEVASTANE range protects your equipment under the most difficult conditions while extending service life.

Audited and verified by an independent organization, TOTAL NEVASTANE production plants and finished products meet or exceed requirements for ISO 21469 certification. NEVASTANE lubricants are available in PAO or PAG, semi-synthetic, food-grade, white oils or silicone. Contact your local TOTAL representative or call 1-800-323-3198.
