# FLAVOR

Bio Springer, the global producer in yeast extracts, provides solutions for significant sodium reduction, natural flavor enhancement and clean label products. Bio Springer offers an extensive range of yeast extracts, enabling us to partner with customers to develop healthier and tastier products with long-lasting richer flavor profiles.

#### WHAT WE OFFER:

- Customized blend solutions – build unique flavor profiles
- Consolidation – reduce overhead and maximize efficiency of operations
- Collaboration – innovative product development with in-house technical staff
- Expertise of our parent company, Lesaffre
- State-of-the-art technology in our GFSI-BRC certified Iowa facility
- Improved supply chain efficiency

#### ENDLESS APPLICATIONS:

- Broths, soups, sauces, gravies, salad dressings
- Snack seasonings for chips, crackers and more
- Dry blends, flavoring mixes
- Prepared foods – macaroni & cheese, frozen dinners, vegan burgers
- Baked goods
- Chocolate, caramel, and coffee-flavored food products
