

# From the Mountains to the Valleys, R.A JONES delivers Total Value by Design.™

From the coffee you choose each morning to the popular foods, beverages, cosmetics, and pharmaceuticals that touch your life each day, hundreds of industry leading consumer products are efficiently and creatively packaged using the unmatched speed and flexibility of machinery designed and manufactured by R.A Jones.

Superior engineering is key. In total, our 120-member engineering team brings

more than 1,800 years of experience to each design challenge. The innovative machines we create and the 100+ packaging-specific patents we have successfully filed are responsible for helping our customers to operate efficiently, reliably and profitably.

We back that design expertise with a unique culture of customer support that permeates our entire organization. Every member of our 600-person team is

available to provide service and technical assistance 24/7/365. Small wonder that we have earned most trusted status among the world's leading consumer products companies.

Call or click today to learn how we consistently deliver Total Value by Design.™ For more than 100 years that's been our legacy and it remains our continuing promise to you.
