

TOTAL VALUE BY DESIGN.™

From the sausage to sirloin, R.A JONES delivers Total Value by Design.™

From breakfast meats to dinnertime meals, hundreds of processors each day rely on KartridgPak and MAP Systems machinery from R.A Jones to package their products with unmatched speed, efficiency and food safety.

Superior engineering is key. In total, our 120-member engineering team brings more than 1,800 years

of experience to each design challenge. The innovative machines we create and 100+ packaging machine patents are responsible for helping our customers to operate efficiently, reliably and profitably.

We back that design expertise with a unique culture of customer support that permeates our entire organization. Every member of our 600-person team is available

to provide service and technical assistance 24/7/365. Small wonder that our machinery brands like KartridgPak and MAP Systems have earned most trusted status among the world's meat processors and consumer products companies.

Call or click today to learn how we consistently deliver Total Value by Design.™ For more that 100 years that's been our legacy and it remains our continuing promise to you.
