

# innovation

Innovation is more than a buzzword to us. It's one of the basic principles that our company was founded on. Our staff of scientists are dedicated to helping you build your product ideas as well as develop totally new concepts. With a state-of-the-art R&D department, proprietary blending equipment and enhanced sanitation program, it's easy to see that Wright is an ideal partner.

# customer commitment

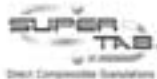

We offer personalized customer service and technical support 24/7 and 365 days a year. The bottom line is we will scale up production for you any time day or night because we understand bringing your idea to market quickly is of vital importance to your business.

# quality

Quality has been part of Wright's mantra for over half a century. Our certifications include Kosher, Halal, ISO22000/IFS22000. We follow cGMP, GMA-safe and GMO-free protocols. Our separate allergen processing facilities adhere to strict HACCP, All and FDA allergen programs. Additionally, we will supply a Certificate of Analysis for every order.

# value

It's not only about technology and stringent vendor qualifications - that increase profits, it's about service, expectations and getting more for your money. It continues with exceeding your expectations - you just want good results - we strive to bring you greatness!
