

RESEARCH & DEVELOPMENT CUSTOM SOLUTIONS EXCEPTIONAL PRODUCTS

Grow your business with products from the industry leader. With the nation's largest independent mushroom research and development facility, we grow most of our own supply and meet the strictest standards of quality for our "conventional" and organic mushrooms. It adds up to exceptional products at the best value in the industry.

OUR MUSHROOMS OFFERINGS INCLUDE:

IQF: Sliced, diced and whole, including our popular IQF Organic mushrooms, grown in a fully organic environment. Flash-frozen within 24 hours of harvest for consistent quality, texture and taste retention. Also available: exotic Portabella, Shiitake and Crimini.

FRESH: Complete line-sliced and whole-of high-quality, recipe ready industrial/ingredient mushrooms, including exotic and gourmet stuffing varieties. Organic selections of white, crimini and portabella mushrooms are grown and available.

POWDERS & CONCENTRATES: Instant powder provides the distinctive taste of lightly cooked mushrooms. Concentrate syrup for the intense flavor and aroma of just-picked mushrooms. Both imported from Holland.

GIORGIO ALSO CUSTOMIZES PRODUCTS LIKE:

CAFÉ SELECTIONS: Tender, flaky pastries with mouth-watering fillings. Quick-and-easy preparation. Frozen tortes, regalino, nidos and quiche in several varieties—or Giorgio can custom create sandwiches to complement your products based on our delicious breads and fillings ingredients.

PIZZA PROGRAM: Real pizzeria-style pizza in 5", 7", 12" and 16" sizes. Available with a freshly made appearance using shredded mozzarella cheese on a par-baked crust or as a fully prepared baked pizza made from scratch utilizing the finest ingredients and freshly made dough as in a pizza shop. Try our whole grain crust option for a more health conscious alternative.
