

Engineered Around You. Guaranteed By Us.

From components to fully-automated systems, we create bulk material handling solutions entirely around your processing needs and goals.

More than 60 years of custom application experience. Over 10,000 different powder and bulk materials handled. Application expertise in food ingredient handling systems for batch and continuous processes. And an airtight performance guarantee. It's what makes VAC-U-MAX as unique and trusted as the pneumatic conveying solutions we design.

Let us solve your pneumatic conveying challenges. Visit vac-u-max.com/pneumatic or call 800-VAC-U-MAX.
