

# Harnessing the power of nature's rainbow

**Lycoreds super stable reds to gold, oranges and yellows.**

The super stable color range from nature are pH independent, taste neutral, stable to temperature and light and withstand typical food and beverage processes. The entire range is non GMO, allergen free, vegan, Kosher and Halal.

**Application areas we have tested our super stable colors include:**

UHT treated dairy drinks

Fruit preparations

Juice based beverages

Hard (pan) coated candies

Hard cheeses

Fortified fruit gummies

Surimi seafood coatings

Flavored colored waters
